

**ELECTRICITY CAN TRANSFORM PEOPLE'S LIVES,
NOT JUST ECONOMICALLY BUT ALSO SOCIALLY.**

ABOUT US

PPIS, though a new entrant in the Indian market, is backed by some of the most experienced Power Industry veterans. Our experience is combined with the passion to become a key player in India's growth story. The Power Industry in India is poised for robust growth over the next few decades.

We, at PPIS, bring to the fore our rich experience of Innovative Technologies, Services and Solutions including Energy Transmission & Distribution like Underground Cabling systems, Overhead network with Bare & Insulated Conductors, AB Cables & accessories including Sub-station Equipment.

Our team has extensive expertise in the field of Energy Transmission & Distribution and has worked with various Utilities, Industries & Strategic Segments like Railways, Metros. We bring with us the exposure to activities like Smart Solutions (Products & Technical Services), Loss Reduction and Installations.

LEADERSHIP

Veer Raj is an Energy Transmission & Distribution Industry veteran and Co-founder of PPIS. Before founding the company, Veer has worked in senior roles, over a career spanning 2 decades, in Marketing Energy Products with some of the industry leaders like Raychem RPG, KEC International, Dubai Electricity and Water Authority (DEWA), TPC FZE (Dubai) and Mahindra Group.

During the stints with these companies, he has handled roles like Chief Manager – Exports and Regional Manager (South & North) where he has worked closely with some of top Executives in India and Dubai. He is passionate about meeting clients across continents and solving complex problems for them. He has travelled to and has business exposure to many countries including Dubai, Australia, Germany, Sweden, Denmark, Czech Republic, Austria, New Zealand, South Africa and Nepal during his Corporate career.

LEADERSHIP

Sandeep Jasoria is a seasoned Project Management & Business Development professional and Co-founder of PPIS. Sandeep has worked in senior roles in Energy Products Installations with some of the most eminent Power Generation, Renewable Energy and Mining organizations like BSES, Raychem and Apar Industries.

He has played key roles like AGM-Projects & BD and Regional Manager (North India) where he successfully led over 15 major projects through the length and breadth of India. Through the course of his career, he worked with prestigious clients like NTPC, BHEL, NHPC, SECI, Govt. Utilities, NPCIL, KPTCL, APSPDCL, EPSPDCL, PGCIL, TSSPDCL, KEB, JVVNL, AVVNL, Jakson Engineering and All ESCOMs.

He has business exposure to Many countries Sweden, Denmark, Dubai & Sri Lanka during his corporate career. He is based out of India and corporate office in Bangalore

CLIENTS THE PPIS PARTNERS HAVE WORKED WITH

PRODUCTS

All our products meet Indian & International quality standards and are completely Safe & Reliable network in underground as well as overhead systems.

CABLE AND CABLE ACCESSORIES

- ⚡ Complete range of Power Cables from 1.1 KV to 220 KV
- ⚡ Instrumentation, Telecom and Special Application Cables
- ⚡ Heat shrinkable/Pre-molded Joints & Terminations up to 245KV including Switchgear – AIS/GIS Terminations, Cable Repair Kits, Ties and Cleats

OVERHEAD SOLUTIONS - THEFT & LOSS REDUCTION

- ⚡ Covered Conductor & Accessories | LV & HT AB Cable and Accessories
- Boltless Connector | HV/LV-Aerial Bundled Conductor System
 - *Safety of Human life and Wildlife*
 - *Environment Protection*
 - *Un-interrupted Power Supply*
 - *Prevention of Electricity Theft*

PERSONAL PROTECTION EQUIPMENT (PPE)

- ⚡ Insulating Mats | Electrical Gloves | Dielectric Shoes | Arc Flash Suit | Discharge Rod | Safety Helmets | Safety Glasses | Reflecting Jackets

SUB-STATION, TRANSMISSION & DISTRIBUTION LINE HARDWARE

- ⚡ Clamps, Connector | Line Hardware | OPGW Accessories

PRODUCTS

WILDLIFE AND ASSET PROTECTION

- ⚡ A Customized insulation is a Flash over protection for any live parts in the Substation and Switchyard equipment. It can be in the form of Heat Shrinkable Tubes, Tapes, Sheets Cold Applied Insulation Cover to insulate equipment & overhead conductors as per required dimensions. Further, special design available as Creepage Extenders for enhancing creepage of Insulators & Bird Diverter

GAS METERING PRODUCTS

- ⚡ Domestic Commercial Diaphragm | RPD and Turbine Meters | Electronic Volume Corrector | Gas Regulators | Ball Valves etc.
 - *All products meet the European Qualifying Criteria and are available on Ex-Stock basis*

SMART, ECOFRIENDLY SOLUTIONS

- ⚡ SMART POLE

One Pole Solution that consists of Solar Street Lights, Surveillance Camera, Weather Monitoring System, Advertisement, EV Charging, Emergency Contact, Wi-fi Etc.
- ⚡ ECO POLE

Shock Proof, Light Weight, Flexible and Durable. Suitable up to 33 KV Overhead Distribution System. Specially Formulated Ecofriendly Combination of Bamboo, Polyurethane Foam & HDPE. Useful at Wildlife Sanctuaries.
- ⚡ FIRE RATED CABLE PROTECTION

Water-based Intumescent Cable Coating for the Fire Protection of Electrical Cables up to 90 Minutes Under Hydro Carbon Condition.

CONSULTING SERVICES

PROJECT MANAGEMENT CONSULTING

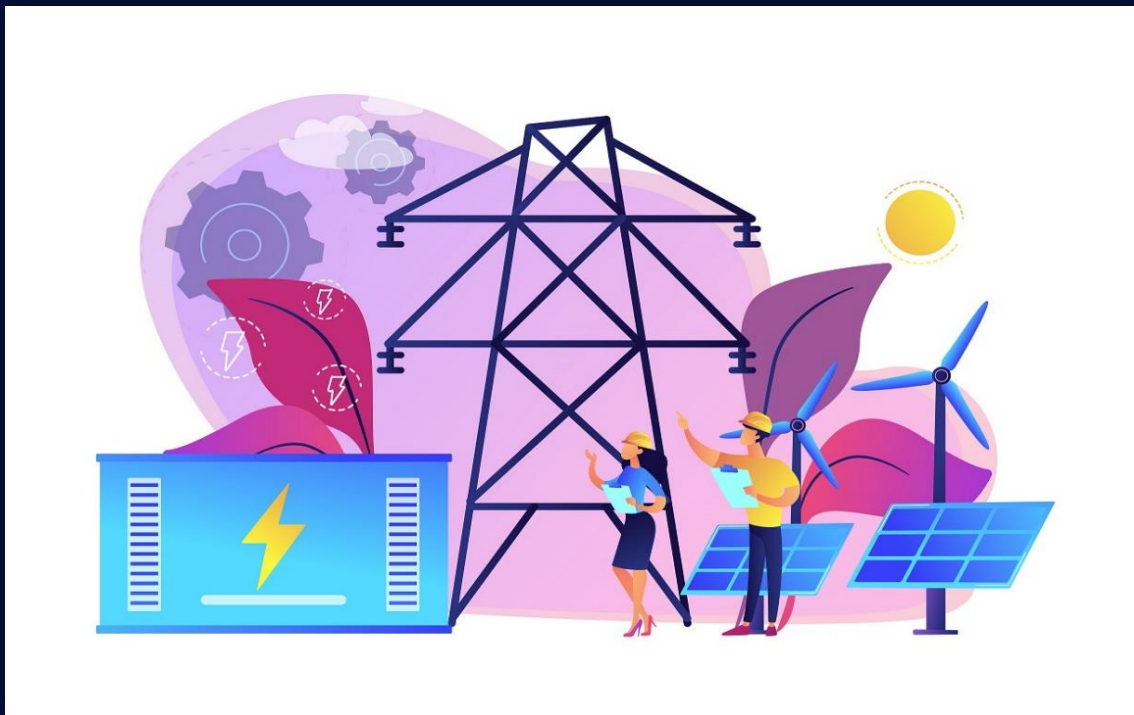

- ⚡ Identifying Opportunities
- ⚡ Gathering Pre-qualification Requirements
- ⚡ Evaluating JV Partners (if required)
- ⚡ Preparing Executive Summary, Cost, Project Overhead, and Cashflow
- ⚡ Collecting Market Inputs
- ⚡ Managing Pre & Post Bid Meetings
